SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2024

{Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014}

To,
The Members,
Sattva Holding and Trading Private Limited

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Sattva Holding and Trading Private Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2024 ("Audit Period") complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Audit Period according to the provisions of:

- (i) The Companies Act, 2013 ("Act") and various rules ("Rules") made thereunder;
- (ii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iii) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ("SEBI Act"):-
 - a) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015; and
 - c) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015

The Company as a promoter of a listed entity has filed disclosures and complied with the following SEBI regulations to the extent of its applicability:

- (i) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011
- (ii) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India.
- (ii) The Listing Agreement entered into by the Company with BSE Ltd.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that, there were no events/actions in pursuance of:

- (i) The Securities Contracts (Regulation) Act, 1956 ("SCRA") and the rules made thereunder;
- (ii) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- (iii) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018;
- (iv) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;
- (v) The Securities and Exchange Board of India (Share Based Benefits and Sweat Equity) Regulations, 2021; and
- (vi) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;

requiring compliance thereof by the Company during the Audit Period.

We further report that, having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, the Company has complied with the following laws applicable specifically to the Company:

- Master Direction – Core Investment Companies (Reserve Bank) Directions, 2016

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of executive directors, non-executive directors and independent directors. There were changes in the composition of the Board of Directors that took place during the Audit Period which required compliance with the provisions of the Act. There was cessation of a non-executive director and change in designation from Independent to Non-Independent Director and Additional Director to Director of the Company that took place during the Audit Period and which were carried out in compliance with the provisions of the Act.

Adequate Notice was given to all the directors to schedule the board meetings, and agenda and detailed notes on agenda were sent at least seven days in advance except for the board meetings held on 7th August, 2023 and 8th November, 2023 which were held by shorter notice by duly obtaining the consents of the Board of Directors and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out unanimously as recorded in the minutes of the respective meetings of the Board or Committee thereof and no Director / Member dissented on the decisions taken at such Board / Committee Meetings. The minutes of the general meetings also record the total number of votes cast for the resolutions passed at such meetings.

There are adequate systems and processes in the company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that, during the Audit Period, the following events occurred which had a bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations and guidelines:

- 1) **Redemption of 980 Listed, Rated, Secured, Redeemable Non-Convertible Debentures (NCDs) having face value of Rs. 10,00,000/- each, aggregating to Rs. 98,00,00,000/- on 2nd August, 2023.**

Opinion

We have audited the accompanying Ind AS Financial Statements of **Sattva Holding and Trading Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity, the Statement of Cash Flows for the year then ended, and Notes to the Ind AS financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, the profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Directors report but does not include the financial statements and our auditor's report thereon which we obtained prior to the date of this audit report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is material misstatement of this information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of the Management and Those Charged with Governance for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the other accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also

responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in Annexure 'A' a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143 (3) of the Act, we report, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of these books.

- (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this report are in agreement with the books of account.
- (d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act.
- (e) On the basis of written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the Directors of the Company is disqualified as on March 31, 2024, from being appointed as a Director in terms of section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in **Annexure 'B'**.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us, we further report that:
- i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
Based on audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. As per the information and explanations given to us, and based on the records of the Company, the Board of Directors of the Company have declared interim dividend for the year ended 31st March 2024. The interim dividend declared by the Company is in accordance with the provisions of Section 123 of the Act to the extent it applies to interim dividend.
 - vi. Based on our examination which included test checks, The Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log)

facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11 (g) of the Rules on preservation of audit trail as per the statutory requirements for record retention is not applicable for the year ended March 31, 2024.

3. In our opinion and according to information and explanations given to us and based on our examination of the records of the Company, the Company has paid / provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 of the Act

Annexure 'B' to the Independent Auditor's Report

The Annexure referred to in Para 2 (f) under 'Report on Other Legal and Regulatory Requirements' of our Independent Auditor's Report to the members of the Company on the financial statements for the year ended March 31, 2024:

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to the financial statements of **SATTVA HOLDING AND TRADING PRIVATE LIMITED** ("the Company") as at March 31, 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

SATTVA HOLDING AND TRADING PRIVATE LIMITED
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024.

1) Background Information

Sattva Holding and Trading Private Limited (the "Company") is a private limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956 with its registered office in Mumbai, Maharashtra, India. The Company has been registered as Non-Banking Financial Company- Core Investment Company- Non Deposit taking – Systemically Important (NBFC-CIC-ND-SI) with Reserve Bank of India (RBI) on 21st June 2019. The Company is engaged in the business of investments in shares and securities. The Company forms part of the Middle Layer as per the Framework for Scale Based Regulation for Non-Banking Financial Companies, based on notification RBI/2021-22/112 DOR.CRE.REC.No.60/03.10.001/2021-22 dated 22nd October 2021, with effect from 1st October 2022.

The Company was Debt listed effective 5th February, 2020 consequent to issuance of Secured Rated Listed Redeemable Transferable Non - Convertible Debentures through private placement. The company has repaid the Non-Convertible Debenture on 2nd August 2023 and subsequently is not listed as on 31st March 2024.

The functional and presentation currency of the Company is the Indian Rupee which is the currency of the primary economic environment in which the Company operates.

Mefree LLP is the ultimate parent of the Company and Rayirth Holding and Trading Company Private Limited is the Holding Company.

2) Basis of Preparation and Material accounting policies followed by the Company

A) Basis of preparation :

(i) Statement of Compliance with Ind AS

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act. The accounting policies are applied consistently to all the years presented in the financial statements.

(ii) Basis of preparation and presentation of Financial Statements

The financial statements have been prepared on accrual basis under the historical cost convention except for certain financial instruments measured at fair value at the end of each reporting period as explained in accounting policies below.

The Company presents its balance sheet in order of liquidity.

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

(iii) Material accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management of the Company to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures including disclosures of contingent assets and contingent liabilities as at the date of financial statements and the reported amounts of revenues and expenses during the period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods which are affected.

Key sources of estimation of uncertainty at the date of the financial statements which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year is in respect of

- recognition of deferred tax assets;
- measurement of defined benefit obligations: key actuarial assumptions;
- Financial instruments – Fair values, risk management and impairment of financial assets
- estimates of useful lives and residual value of Property, Plant and Equipment and Other Intangible Assets
- recognition and measurement of provisions and contingencies; key assumptions about the likelihood and magnitude of an outflow of resources, if any.
- impairment test of non-financial assets: key assumptions underlying recoverable amounts including the recoverability of expenditure on intangible assets;

(iv) Fair value measurements

When the fair value of financial assets or financial liabilities recorded or disclosed in the financial statements cannot be measured at the quoted price in the active markets, their fair value is measured using the valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values, judgments includes consideration of inputs such as liquidity risk, credit risk and volatility.

SATTVA HOLDING AND TRADING PRIVATE LIMITED
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024.

v) Recent accounting pronouncements which are not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its standalone financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company does not expect this amendment to have any significant impact in its standalone financial statements.

B) Material Accounting Policies

a) Financial Instruments

(i) Classification

A Financial instrument is any contract that gives rise to a financial asset of one entity and financial liability or equity instruments of another entity.

Financial assets, other than equity, are classified into financial assets at fair value through other comprehensive income (FVOCI) or fair value through profit and loss account (FVTPL) or at amortised cost. Financial assets that are equity instruments are classified as FVTPL or FVOCI. Financial liabilities are classified as amortised cost category and FVTPL.

Business Model assessment and Solely payments of principal and interest (SPPI) test:

Classification and measurement of financial assets depends on the business model and results of SPPI test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including:

- how the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way in which those risks are managed; and
- how managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).

(ii) Initial recognition

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL, are recognised immediately in the Statement of profit and loss.

(iii) Subsequent measurement

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) if those financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in the Statement of Profit and Loss. Any gain or loss on derecognition is recognised in the Statement of Profit and Loss.

Equity Instruments at FVOCI

The Company's management has elected to classify irrevocably some of its equity investments as equity instruments at FVOCI, when such instruments meet the definition of Equity under Ind AS 109 'Financial Instruments' and are not held for trading.

Gains and losses on these equity instruments are never recycled to profit or loss. Dividends from these equity investments are recognised in the statement of profit and loss when the right to receive the payment has been established.

Financial assets at Fair value through Profit and loss

Financial assets are measured at FVTPL unless it is measured at amortised cost or at FVOCI on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit and loss are immediately recognised in profit or loss.

SATTVA HOLDING AND TRADING PRIVATE LIMITED
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024.

Financial Liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Financial Liabilities

Financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in the Statement of Profit and Loss. Any gain or loss on derecognition is also recognised as profit or loss respectively.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Other Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost using effective interest rate method where the time value of money is significant. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximates the fair value due to the short maturity of these instruments.

(iv) Derecognition of Financial assets and Financial liabilities

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expires or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

A financial liability is derecognised when, and only when, the obligation under the liability is discharged, cancelled or expired.

(v) Impairment of financial instruments

The Company recognizes a loss allowance for expected credit losses on a financial asset that is at amortized cost or fair value through OCI. Loss allowance in respect of financial assets is measured at an amount equal to life time expected credit losses and is calculated as the difference between their carrying amount and the present value of the expected future cash flows discounted at the original effective interest rate.

(vi) Reclassification of Financial assets

The Company does not re-classify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances when the Company changes its business model for managing such financial assets, the Company does not re-classify its financial liabilities.

b) Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of a financial instrument on initial recognition is normally the transaction price (fair value of the consideration given or received). Subsequent to initial recognition, the Company determines the fair value of financial instruments that are quoted in active markets using the quoted bid prices (financial assets held) or quoted ask prices (financial liabilities held) and using valuation techniques for other instruments. Valuation techniques include discounted cash flow method and other valuation models.

c) Investment in subsidiaries

The Company has chosen to carry the investments in subsidiaries at cost less impairment, if any.

d) Property, Plant and Equipment and Other Intangible Assets

Property, plant and equipment and other intangible assets are stated at cost of acquisition less accumulated depreciation / amortisation and accumulated impairment losses, if any. Cost includes all expenses incidental to the acquisition of the property, plant and equipment and any attributable cost of bringing the asset to its working condition for its intended use. Subsequent costs are capitalised only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Capital work in progress and Capital advances

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Advances given towards acquisition of property, plant and equipment and other intangible assets outstanding at each Balance Sheet date are disclosed in Other Non-Financial Assets.

Depreciation of property plant and equipment

Depreciation on property, plant and equipment is provided on written down value basis as per the useful life prescribed in Schedule II of the Companies Act, 2013. Further, assets individually costing INR 5,000/- or less are fully depreciated in the year of purchase.

Nature of property, plant and equipment	Useful life in years
Office Equipment	5 years
Computer	3 years

SATTVA HOLDING AND TRADING PRIVATE LIMITED
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024.

The Company provides pro-rata depreciation from the date the asset is ready for its intended use and in respect of assets sold, depreciation is provided upto the date of disposal.

The residual values, estimated useful lives and method of depreciation of property, plant and equipment are reviewed at end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Amortisation of other intangible assets

Intangible assets comprising of software purchased are amortized on a written down value over the useful life of the software commencing from the year in which such software is first ready for its intended use. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Derecognition of property, plant and equipment and other intangible assets

Property, plant and equipment and other intangible assets are derecognised on disposal or when no future economic benefits are expected to arise from its continuous use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment and other intangible assets is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

e) Right of Use and Leases Liability

The Company's lease asset classes primarily consist of lease for office premises. The Company assesses whether a contract contains a lease at the inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether : (i) the contract involves the use of an identified asset, (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease, and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low-value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the option to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the lessee. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment of whether it will exercise an extension or a termination option.

Lease liability has been included under 'Other Financial Liabilities' in the Balance Sheet and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

f) Revenue recognition

(i) Interest Income or interest expense

Under Ind AS 109 interest income or expense is recorded using the effective interest rate (EIR) method for all financial instruments measured at amortised cost. The EIR is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

(ii) Dividend income

Dividend income (including from FVOCI investments) is recognised when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably. This is generally when the shareholders approve the dividend.

(iii) Gain and loss from financial instruments

The realised gains / losses from financial instruments at FVTPL represents the difference between the carrying amount of a financial instrument at the beginning of the reporting period, or the transaction price if it was purchased in the current reporting period, and its settlement price.

SATTVA HOLDING AND TRADING PRIVATE LIMITED
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024.

The unrealised gains / losses represents the difference between the carrying amount of a financial instrument at the beginning of the period, or the transaction price if it was purchased in the current reporting period, and its carrying amount at the end of the reporting period.

g) Borrowing Costs

Borrowing costs include interest expense calculated using the effective interest method.

Borrowing costs net of any investment income from the temporary investment of related borrowings, that are attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

h) Taxation

Income tax expense comprises both current and deferred tax. Current and deferred taxes are recognised in the statement of profit and loss except when they relate to items credited or debited either in other comprehensive income or directly in equity, in which case the tax is also recognised in other comprehensive income or directly in equity.

Current Tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax assets and liabilities are recognised as temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

i) Earnings per share

The basic earnings per share is computed by dividing the net profit attributable to the equity shareholders by weighted average number of equity shares outstanding during the reporting period.

Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. In computing diluted earnings per share, only potential equity shares that are dilutive are included.

j) Impairment of non - financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount.

Recoverable amount is the higher of fair value less costs of disposal and value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets. When the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

SATTVA HOLDING AND TRADING PRIVATE LIMITED
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024.

An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. The impairment loss, if any, is recognised in the statement of profit and loss in the period in which impairment takes place.

A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, however subject to the increased carrying amount not exceeding the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior accounting periods. A reversal of an impairment loss is recognised immediately in the statement of profit and loss.

h) Accounting for provisions, contingent liabilities and contingent assets

Provisions are recognised in the balance sheet when the Company has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the balance sheet date. Where the time value of money is material, the amount of a provision shall be the present value of the expenditures expected to be required to settle the obligation.

Contingent liabilities are not recognised in the financial statements. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. the Company does not recognise contingent asset.

Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.

C) Other Accounting Policies

a) i) Foreign currency transactions and translation

The management of the Company has determined Indian Rupee ("INR") as the functional currency of the Company. In preparing the financial statements, transactions in currencies other than the entity's functional currency are recorded at the rates of exchange prevailing on the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are re-translated at the rates prevailing at the end of the reporting period. Non-monetary items carried at fair value that are denominated in foreign currencies are re-translated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated. Exchange differences arising out of these translations are recognised in the Statement of Profit and Loss.

b) Employee benefits

(i) Short term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the year.

(ii) Post Employment Benefits

Defined Contribution Plans

the Company's state governed provident fund scheme and employee pension scheme are defined contribution plans. The contribution paid/ payable under the schemes is recognised during the period in which the employee renders the related service.

Defined Benefit Plans - Gratuity

The Company's gratuity scheme is a defined benefit plan. the Company's net obligation in respect of the gratuity benefit is calculated by estimating the amount of future benefit that the employees have earned in return for their service in the current and prior periods, that benefit is discounted to determine its present value, and the fair value of plan assets, if any, is deducted from such determined present value.

The discount rate used for determining the present value is based on the Indian Government Securities yields prevailing as at the balance sheet date that have maturity date equivalent to the tenure of the obligation.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method with actuarial valuations being carried out at the end of each annual reporting period.

Remeasurements arising from defined benefit plans, comprising of actuarial gains and losses, the return on plan assets in excess of what has been estimated and the effect of the asset ceiling, if any, in case of over funded plans are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. All other expenses related to defined benefit plans is recognised in employee benefit expenses in statement of profit and loss. Remeasurements are not reclassified to profit or loss in subsequent periods.

When the benefits of the plan are changed, or when a plan is curtailed or settlement occurs, the portion of the changed benefit related to past service by employees, or the gain or loss on curtailment or settlement, is recognized immediately in the profit or loss account when the plan amendment or when a curtailment or settlement occurs.

(iii) Other Long term Benefits - Compensated absences

Compensated absences are recognised as a liability at the present value of the defined benefit obligation at the balance sheet date. the Company's liability towards compensated absences is determined on the basis of valuations, as at balance sheet date, carried out by an independent actuary using Projected Unit Credit Method. Actuarial gains and losses comprise experience adjustments and the effects of changes in actuarial assumptions and are recognised immediately in the statement of profit and loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024.

e) Dividends on ordinary shares

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the Companies Act, 2013, a final dividend is authorised when it is approved by the shareholders in the annual general meeting. A corresponding amount is recognised directly in equity.

d) Segment reporting

the Company is primarily engaged in the business of investment in Companies including group companies. As such the Company's financial statements are largely reflective of the investment business and there is no separate reportable segment. Pursuant to Ind AS 108 - Operating Segments, no segment disclosure has been made in these financial statements as the Company has only one geographical segment and no other separate reportable business segment.

Nature of reserves

a) Statutory Reserve

It represent reserve created under Section 45-IC of the Reserve Bank of India Act, 1934, as amended by RBI (Amendment) Act, 1997, whereby every non banking financial company is required to transfer a sum of not less than 20% of its net profit every year as disclosed in the statement of profit and loss to statutory reserve.

b) Retained Earnings

Retained earnings are the profits that the Company has earned till date, less any transfers to statutory reserve as per Section 45-IC of the Reserve Bank of India Act, 1934.

c) Equity instrument through other comprehensive income

The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated within the FVOCI equity investments reserve within equity. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.

The Company does not have any defined contribution plans.

B. Defined benefit plan

Retirement Gratuity (Unfunded)

The Company has a defined benefit gratuity plan in India (unfunded). The company's defined benefit gratuity plan is a final salary plan for employees. Gratuity is paid from company as and when it becomes due and is paid as per company scheme for Gratuity.

The Company accounts for the liability for gratuity benefits payable in the future based on an actuarial valuation. The following tables summarise the components of net benefit expense recognised in the statement of profit or loss and the amounts recognised in the balance sheet for the respective plans:

Sensitivity Analysis :

Projected Benefit Obligation on Current Assumptions	9.61	8.53
Delta Effect of +1% Change in Rate of Discounting	(0.62)	(0.53)
Delta Effect of -1% Change in Rate of Discounting	0.72	0.61
Delta Effect of +1% Change in Rate of Salary Increase	0.69	0.58
Delta Effect of -1% Change in Rate of Salary Increase	(0.62)	(0.52)
Delta Effect of +1% Change in Rate of Employee Turnover	(0.14)	(0.13)
Delta Effect of -1% Change in Rate of Employee Turnover	0.15	0.14

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

There are no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

Projected Plan Cash Flow :

The table below shows the expected cash flow profile of the benefits to be paid to the current membership of the plan based on past service of the employees as at the valuation date :

Maturity Profile

Expected benefits for year 1	0.79	0.41
Expected benefits for year 2	2.34	1.55
Expected benefits for year 3	0.61	1.87
Expected benefits for year 4	0.60	0.56
Expected benefits for year 5	0.71	0.57
Sum of Expected benefits for year 6 to year 10	3.00	2.60
Sum of Expected benefits for year 11 and above	10.39	8.66

The weighted average duration to the payment of these cash flows is 10 years.

Risk Associated with Defined Benefit Plan

Gratuity is a defined benefit plan and the Company is exposed to the Following Risks :

Interest Rate Risk : A fall in the discount rate which is linked to the Government Securities Rate will increase the present value of the liability requiring higher provision.

Salary Risk : The present value of the defined benefit plan liability is calculated by reference to the future salary of members. As such an increase in the salary of members more than assumed level will increase the plan's liability.

Asset Liability Matching Risk: The plan faces the ALM risk as to the matching cash flow. Company has to manage pay-out based on pay as you go basis from own funds.

Mortality risk : Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

During the year, there were no plan amendments, curtailments and settlements.

C. Other long term benefits

1) Amount recognised as a liability in respect of compensated leave absences as per actuarial valuation as on 31st March, 2024 is INR 9.61 lakhs. (as on 31st March 2023 is INR 8.53 lakhs).

B. Fair Value Hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consist of the following three levels:

Level 1 - Quoted prices in an active market: This level of hierarchy includes financial assets and liabilities that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Valuation techniques with observable inputs: This level of hierarchy includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3 - Valuation techniques with significant unobservable inputs: This level of hierarchy includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The following table summarises financial assets measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis:

As at March 31, 2024

13 Financial instruments and associated risks:

The Company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk
- Interest Rate Risk

The Company has a risk management framework which not only covers the market risks but also other risks associated with the financial assets and liabilities such as interest rate risks and credit risks.

The risk management framework is approved by the Board of Directors. The risk management framework aims to:

- (i) create a stable business planning environment by reducing the impact of interest rate fluctuations on the Company's business plan
- (ii) achieve greater predictability to earnings by determining the financial value of the expected earnings in advance.

Credit Risk:

Credit risk is the risk of financial loss to the company if a counter-party fails to meet its contractual obligations.

Trade receivables:

Credit risk with respect to trade receivables is limited, since the trade receivables amount is NIL.

Cash and cash equivalents:

The company holds cash and cash equivalents of INR 1.76 lakhs as at 31 March 2024 (31 March 2023: INR 2.80 lakhs). The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

Bank Balance other than cash and cash equivalents:

The company holds bank balance other than cash and cash equivalents of INR lakh 2096.49 as at 31 March 2024 (31 March 2023: 2332.22 INR lakhs). The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

Liquidity Risk:

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. In the case of the Company, market risk primarily impacts financial instruments measured at fair value through profit or loss.

Interest Rate Risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have exposure to the risk of changes in market interest rate as it has debt obligations with fixed interest rates which are measured at amortised cost.
